VOL. 26, NO. 10

PRESIDENT'S PAGE

Bob Solt, Trevor Payne, Doug Gulley and myself attended the NALC Rap session. One of the workshops I attended was on route inspections and DOIS. Much of the focus mirrored exactly what I have been preaching the past several years—make sure you fill out a 3996, and form 1571. It is the responsibility of the carrier to do so. When you fill out a 3996 you are letting management know you cannot do your assignment in eight hours. When you submit a 3996, you should request a copy. I preach this for several reasons. It is an added protection to you as a carrier. This is your way to show the overtime worked/requested, so please get in the habit now. There was once a time when the supervisor did not come to your case unless you turned one in.

The new generation of letter carrier does not have a working knowledge of the National Agreement, M-39 & the M-41. This will come with experience as it did with most of us. Many of our older carriers who are retiring soon will take that knowledge with them. We need to educate the younger members on the art of “route protection.” We are coming to the age where route adjustments will be done without an inspection. Remem-

ber we work for an organization that lives on the concept the more you do the more we will put on you. If you can do it, Ok, but once a carrier becomes older he/she cannot work at the same pace as they once did. Bodies become wore down and fragile. All employees need to work safely and smarter. Management does not want you to have an accident. On the other hand, work as fast as you can to move the mail. That philosophy will work until a breakage occurs. Then the wheels go into action trying to analyze what occurred. In most cases it is simple—Pressure.

The MDA golf outing went well. I want to thank Jason Frye of Beechwood Station for all his hard work. The branch donated over three thousand dollars to a very caring organization. The donation will sponsor six children to go to camp for one week, a much needed break from an ailment that will eventually take the life of that child.

I have visited numerous stations talking about Postal Reform. Remember this is a bi-partisan movement with overwhelming passage in the House. Hopefully it can move through the Senate with the same effect. If you have not signed up for the E-Activist network, please do so. Be part of a

Rocco
Evangelista

network that has the power to help shape your future and the future of the Postal Service.

Grievances are up dramatically from the last year. We have several pending a National Decision on the third bundle issue. Hopefully they will be resolved in the near future. Besides taking the poor ergonomics into account, safety has to factor into the equation also. One of our up and coming stewards has also grieved the “cut and pivot” concept, which will go to arbitration soon. I will give you an update in the future on the outcome.

Once again I am sad to report the death of Letter Carrier Edie Myer. Edie worked in the Hilltop area for years. She will be missed greatly by her co-workers and friends. The Co-

Continued on page 4

A MESSAGE FROM VICE PRESIDENT BOB SOLT

I want to thank Dispute Resolution Team members Jeff Messenger and John Taulbee for their presentation of a somewhat condensed but extremely informative overview of the Dispute Resolution Process. We have received reports of an increase in management

compliance of the National Agreement. Contractual compliance was one of the most important issues emphasized when I received the weeklong Dispute Resolution Process training in Potomac, Maryland. While some Letter Carriers are not always pleased with a DRT resolution, the decisions are based on National Agreement language or remedies that are provided in the Joint Contract Administration Manual or past national level arbitration awards.

I want to thank the Branch for the opportunity to attend the National Rap Session that was held August 27-28. I have had the privilege to attend many of these sessions in the past but this one was by far the most informative and provided an opportunity to interact with other Unionists from all areas of the country. Lengthy discussions were held regarding congressional elections, postal reform, the national convention, contract negotiations and the disaffiliation of some of the larger unions from the AFL-CIO. I attended the contract administration workshop and the city delivery workshop. Both workshops were extremely educational. President Young said the NALC has a national level grievance filed and is waiting on a response from the USPS.

Please plan to attend our annual Retiree dinner on October 1, 2005. Fifty-year membership pins will be

Bob Solt

presented to eleven retirees. NALC President Bill Young is scheduled to attend along with National Business Agent Bill Cooke. The Branch will be honoring former Regional Administrative Assistant and past Branch 78 President

Doug Gulley for his years of dedicated service to the National Association of Letter Carriers. The dinner will be at the Berwick Party House located at 3250 Refugee Rd. Social hour will begin at 6 pm and dinner is served at 7pm. The prices are \$7.00 for retirees and their escorts and \$9.00 for active carriers and their escorts. Contact Jack LeValley or your Union Steward for reservations.

All Union Stewards, Alternate Stewards and their families including Branch 78 Officers are cordially invited to attend the annual Stewards appreciation dinner. The dinner will be held December 7th at 6:30 pm at the Union Hall. Please join us as we pay tribute to our Union Stewards

for their hard work and dedication to the members of Branch 78. To ensure that enough food is prepared please contact Rocco or me at the Union Hall if you will be attending. Jack LeValley is expected to attend with hopefully some new jokes. Carl Demko, Tom Wilson, Todd Hornyak and Dan Miller have volunteered to be of assistance with the food preparation.

It is with deep regret that we have learned of the death of yet another active Letter Carrier. Veteran Letter Carrier, Edie Myer, who worked at Westland Station, suffered a heart attack while on her route and died the following day at Mt Carmel West Hospital. Our condolences go out to her family, coworkers and friends.

In conclusion, as always, we encourage suggestions and active participation from the membership for the improvement of Branch 78.

Fraternally,

Bob Solt

FROM THE NORTH.....

Do you know that your route's street time is computed with an average number of parcels daily?

Each route's average is printed on the route evaluation sheet that should be hanging at each case. If it is not, ask your supervisor. For every parcel that you receive over your daily average, DOIS is supposed to give you an extra 1 minute 30 seconds of street time. This must be manually entered by the supervisor before determining your daily workload.

For more information, see your steward. Remember: Garbage In = Garbage Out.

*Keep the faith,
Randy Hartman*

MILLER'S MUSINGS

I think that most of us are in a state of shock over the devastation of Katrina to the Gulf States. I pray that any of you who have family in those regions have been able to locate them and that their losses were minimal. A number of people have asked what the Branch is going to do to help the victims. It will be discussed further at the monthly meeting and finalized. Most of you know that the Combined Federal Campaign kicks off soon. Perhaps those of you who have not participated in the past will choose to do so this year. One of the agencies presented is the Postal Relief Fund that assists active and retired postal workers experiencing difficulties. This would be an excellent opportunity for you to help our own Brothers and Sisters in need. There are all kinds of agencies that benefit from United Way locally and nationally. Take the time to look through the agency book and find organizations that are near and dear to your particular interest.

There is a branch of United Way called the Key Club that encourages minority donations. Key Club recognizes African American individuals/households who contribute \$1,000 or more to United Way of Central Ohio. Key Club was created in 1997 in response to requests from African Americans regarding the way in which United Way dollars address their interests and communities. As a result, African Americans have become more involved in the United Way process by:

- Increasing the understanding and credibility of United Way's work toward getting to the underlying causes of community problems

- Enhancing collaborative relationships with African American volunteers and business and community leaders
- Maximizing fundraising potential by communicating effectively with Key Club members on how United Way is impacting the community

Why did I include this information in our bulletin you may ask. I have been a CFC donor since entering the USPS. I never knew or heard anything about Key Club and happened to read about their annual recognition event in the Dispatch and called United Way to find out what it was. Because we are under the CFC umbrella United Way cannot recruit donors like it does in the private sector. I found that I could have been in Key Club long ago. Besides their contributions there are a number of social events throughout the year as well as the opportunity to network with others interested in improving their community. If you are interested in finding out more about Key Club contact Sheryle Powell at 614-241-3082 or visit the website at www.uwcentralohio.org.

I encourage all of you to give generously to CFC, you never know when you or someone you love may need one of the many services United Way agencies provide.

The Retirees Picnic was very nice from the weather to the food and company. The only negative was the lack of participation. I know a number of newly retired members who could have showed up but didn't. It is time for some of the younger retirees to start getting active. I had a great time as I've always done the few times a year I

get to interact with the retirees and swap stories. We would not have the benefits we have if it weren't for the men and women who came before us and fought hard to get what we have and many take for granted.

THANK YOU ONCE AGAIN!

Our annual MDA Golf Outing was a success thanks to Jason Frye and his volunteers. The participants said they enjoyed the opportunity to have fun and help MDA at the same time.

This article is waaaaay overdue. Now that I'm back to work after the birth of our beautiful daughter, hopefully things are back on track so I'm going to be covering a lot of things. This year our trip to Washington DC, for the congressional breakfast, was more memorable than previous years. We were fortunate enough to meet with Pat Tiberi, and even though I do not live in his district it's good to know that he seems to be backing the letter carriers, with the Postal Reform Bill. We were not as lucky to see Deborah Pryce, but did get a chance to meet with one of her aides and he assured us he would make sure to voice our concerns to Congresswoman Pryce, which he obviously did since the bill passed by an overwhelming margin. And she was one of the co-sponsors. It was nice to see some new faces this year, as always it would be great to see even more new people join us in DC. This is definitely a once in a lifetime experience, and I would like to recommend every union member go at least once.

I'd like to thank everyone who helped out with the food drive, the clerks, the supervisors, our station manager who even came in to cook for us, and especially the carriers, because of everyone getting involved this was also a successful year. This year I was able to help sort the food at City Gate, Bob Solt did an excellent job of organizing it. And we had a lot of help from the carriers sorting the food at the stations. It's great to see that our efforts help so many people. Talk about a rewarding job! Bob was such a hard boss, I think he made Morgan arrive a little earlier than planned. Just kidding Bob.

For those of you who did not get

the opportunity to go to Doug Gulley's retirement party, you missed an opportunity to see a well respected man get the recognition he obviously deserved.

This years Branch picnic was great time, the weather could have been better, but all in all I think it was okay. Trevor and Carl, you did a great job, and so did all of your helpers, I don't know how Mike Iacoboni gets Penny to help all of the time but she always does and as well as he. So thanks to all you guys, we had a really great time.

This years state convention was held in Toledo, seems like it's always the same people who cause the most controversy, It would be nice to see some compromising within the state of Ohio, but it doesn't look like that will happen any time soon. The biggest debate this year was whether or not to raise the dues and how much, the big thing is, there has not been a state increase in 20 years, and the increase isn't even that much. But, like I said there always has to be someone who wants to cause chaos.

Last, but definitely not least, I got to enjoy the company of other union members this Labor Day holiday, working the phones for MDA, we being, myself, Keith Mitchell, Chris Defide, Todd Hornyak, Ricky Wayne Baker, Ray Mitchell, and someone said they saw Mike Iacoboni there, he got the pleasure of getting up in the weeee hours of the morning to answer phones.

Jason Frye presented Branch 78's donation of over \$3000.00 to MDA from the golf outing he hosted. Great job Jason. It was also good to know that MDA was donating \$1,000,000.00 to the Hurricane Katrina relief. I hope we get the chance to do this again next year, only with several more members representing the branch. There were about fifty Target employees there, and maybe next year we can supercede that. Sorry this has been such a long article but like I said, was overdue for my many thanks.

Jacki Mitchell

PRESIDENT'S PAGE

Continued from page 1

lumbus Dispatch did an excellent article on Edie after her passing. It touched on her dedication to her patrons and her love to carry mail. Our hearts go out to her family and friends.

I deal with many issues at the union hall. Some are of a personal nature. One thing I realize is that we are never prepared for the death of someone close to us. The best thing we can do for a loved one is to make sure our business is in order. I am talking about updating beneficiaries and also insuring we have enough insurance to sus-

tain the standard of living for our families in the event of our passing. It is hard enough dealing with the loss of a loved one but coupling that with financial insecurities will make it almost unbearable in some cases. Take the time to ensure everything is in order. One day can make a difference.

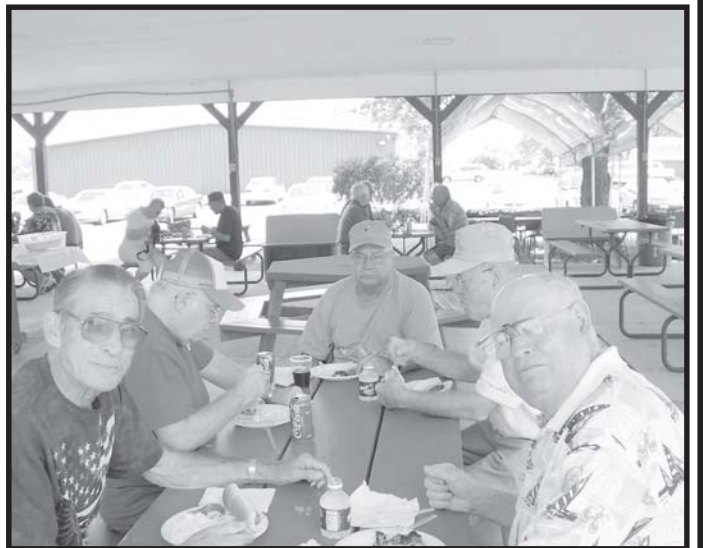

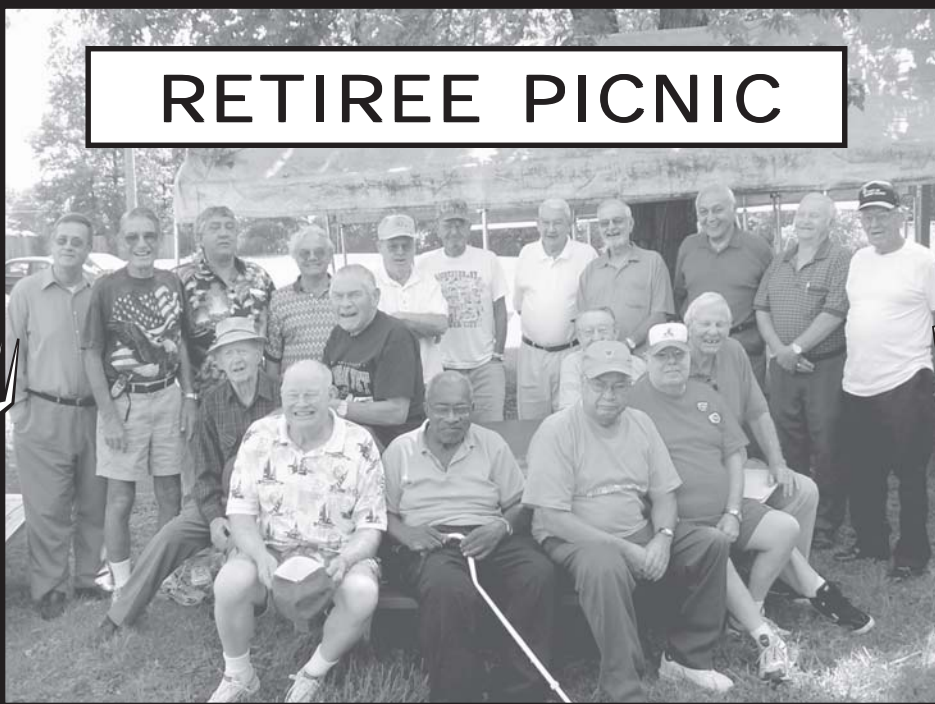

Remember

keep fighting the good fight!

TOGETHER WE DO what works. TOGETHER WE DO what matters.

TOGETHER WE change lives. TOGETHER WE make a difference.

HOW DOES YOUR INVESTMENT IN UNITED WAY OF CENTRAL OHIO MAKE A DIFFERENCE?

In the past year.....

- **22,000** children participated in United Way funded programs that improve their school performance, attendance and behavior.
- United Way and you support housing services that reduced homelessness and increase homeownership for **12,699**.
- United Way neighborhood funded programs helped **8,784** people improve their neighborhoods.
- United Way programs helped provide job training to **8,273** unemployed and underemployed central Ohioans.

We can't solve homelessness by building more shelters. We can't end hunger by opening more soup kitchens. United Way's approach to solving community problems is to zero in on the root causes and create solutions that deliver lasting change through research, strength, compassion and collaboration. It's call **COMMUNITY IMPACT** and it begins with you.

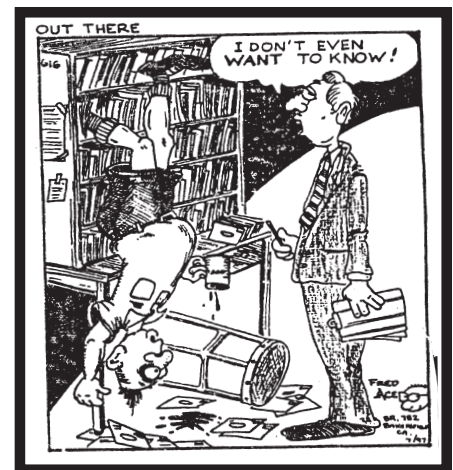

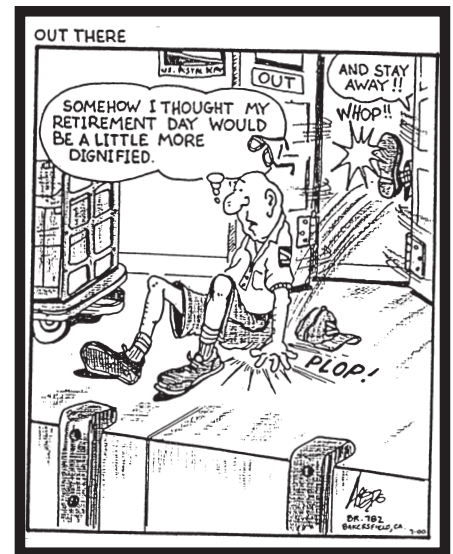

Thank you for your generosity.

Learn more about how your investment achieves lasting results at

www.uwcentralohio.org

If you have something you would like to share with us. Please send us your article before the 1st Wed. of each month.

Dear brother & sister letter carriers,

I would like a few minutes of your time to talk about uniforms. All of us purchase the same uniforms every year. The only difference is the company you choose to deal with. Roy Tailors is a uniform company based in Cincinnati, Ohio that sell union preferred and USA made uniforms. It has been selling uniforms for 50 years. At the Ohio State NALC convention this year their representative asked me to be a sales rep in central Ohio. If you ever had the opportunity to go to a convention you may remember this company auctioning off items and donating the money to COLCPE or MDA. They are a strong union company and mainly employ retired letter carriers to sell their product. They encourage and help representatives donate a percentage of their proceeds back to the branches through COLCPE, MDA or in the case of Br 78, the One New Toy program. Soon I will be coming to your station. I am looking forward to seeing old friends and making new ones. Look for my ad in the union bulletin. Any questions or if you need to order please call Cell#614-314-9302 Home#937-843-2546.

Thank you for your time and attention. Help me help you and Branch 78.

2005 BR 78 ANNUAL GOLF OUTING

TO BENEFIT MUSCULAR DYSTROPHY

SOCIAL REC ROUND ROBIN SOFTBALL

THE GAMES WENT WELL FOR A FIRST TIME EVENT. THERE WERE NOT ENOUGH WOMEN SO SOME GROUPS COMBINED WHICH WORKED OUT WELL MAKING AN EVEN NUMBER OF TEAMS. THE WEATHER COOPERATED AND IT WASN'T A SWELTERING DAY. UNFORTUNATELY THERE WEREN'T MANY SPECTATORS TO CHEER FOR THE PLAYERS. THE CLERKS WON THE TOURNAMENT.

If at first you don't succeed try, try again with customer connect. When customer connect first started I put in four leads of businesses on my route. These leads did not result in any business. It wasn't until I noticed that United Parcel Service trucks and Federal Express trucks were frequently going to the same businesses. I went to those businesses and asked them to look at the Postal Service, because we don't put surcharges on our packages, and they should check out our rates. I got a business card from one of my largest mailers and gave it to my supervisor Karla Carey to put in the customer connect computer June 6, 2005. Two weeks passed and the business asked where the customer connect guy was. I took another business card and it was entered into the computer June 20, 2005. Two weeks went by and still no contact. So July 5, I put in a customer connect hard card and still no reply.

The first week of August I attended the state convention in Toledo. NALC national President Bill Young answered a question on customer connect. He said that if you are having problems with getting timely contacts to talk to your branch president or national business agent. When I returned from the convention I talked to Branch 78 President Rocco Evangelista and Westland station manager Karen Murphy about my problem with customer connect. Between the two I finally was able to talk to Pat Kenny of customer connect. So Pat Kenny and Karen Murphy met with the business, Relay Gear

and found over \$100,000.00 in business for the USPS. Another business came up with over \$8,000.00 in business for the USPS. So by trying to get business it will help the post office and ultimately help ourselves. So watch where the

Fed. Ex. and UPS trucks are going on your route. Stop in and tell the customer to check out our rates because we are lower. We need the business.

Carl Demko-Trustee

MORE FROM THE NORTH.....

As you are probably aware, all the representatives from Ohio voted in support of HR22, The House of Representatives version of Postal Reform, with no attachments. If you have not done so already, it is not too late to write a "thank you for your support" letter. Addresses and phone#s for both Columbus area representatives are listed below.

Patrick J. Tiberi
Ohio - 12th District
113 Cannon HOB
Washington DC 20515-3512
202-225-5355

Deborah Pryce
Ohio - 15th District
204 Cannon HOB
Washington DC 20515-3315
202-225-2015

The Senate version of the plan, S-662, has not been voted on yet. It may come to vote this year yet. It is not too early to urge our senators to vote for this. The addresses and phone#s for both senators is below.

Mike Dewine
140 Russell Senate Office Bldg
Washington DC 20510
202-224-2315

George Voinovich
524 Hart Senate Office Bldg
Washington DC 20510
202-224-3353

When writing a letter to your representative be sure to identify yourself; include where you live, your district and that you are affiliated with the NALC.

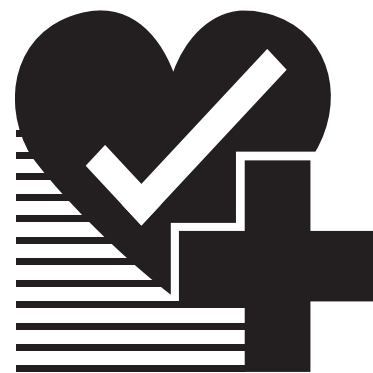

Be specific. They receive thousands of correspondences every week. Most are in the form of e-mail. An old fashioned, hand-written letter gets more attention in these days. Tell him/her exactly why you are writing, i.e. I am requesting that you support S-662.

Thank him/her and indicate that you expect a response. If we do not express interest in our own employer, the USPS, how can we expect anyone else to?

*Keep the faith
Randy Hartman*

HEART ATTACK WARNING SIGNS

According to the American Heart Association a heart attack is caused by a prolonged lack of oxygen-rich blood to the heart muscle that results in damage to that muscle. Some heart attacks are sudden and intense-the “movie heart attack,” where no one doubts what’s happening. But most heart attacks start slowly, with mild pain or discomfort. Often people affected aren’t sure what’s wrong and wait too long before getting help. Here are signs that can mean a heart attack is happening:

Chest Discomfort. Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, tightness, burning, pain or mild ache.

Discomfort in others areas of the upper body. Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach..

Shortness of breath. May occur with or without chest discomfort.

Other signs. These may include breaking out in a cold sweat, nausea, vomiting, weakness or lightheadedness.

If you have chest discomfort, especially with one or more of the other signs, don’t wait longer than a few minutes (no more than 5) before calling for help. Call 9-1-1. Calling 9-1-1 is almost always the fastest way to get lifesaving treatment. Emergency medical services staff can begin treatment when they arrive- up to an hour sooner than if someone gets to the hospital by car. The EMS staff are also trained to revive someone whose heart has stopped. You’ll also get faster treatment in the hospital if you come by ambulance.

Branch 78 has lost two members to heart attack recently. George “Mike” McGee and Edith “Edie” Myer have both passed in the last six months. Mike had just finished his route and was almost home when he had his heart attack. Edie was still on her route when she had her attack. All members should know the warning signs, your life could depend on it.
